Step 2 **Now, write down the significance of your goal. To help you, answer the following questions.**

I. What is it about your goal that is important to you?

.....
.....
.....
.....
.....

II. How do you think your life will change when you have achieved your goal?

.....
.....
.....
.....

III. What do you expect to be doing differently once you have achieved your goal?

.....
.....
.....
.....

IV. How do you expect the things you will be doing differently to be perceived by your peers, Colleagues, family, friends and partner?

.....
.....
.....
.....

Step 4 Now prioritize the areas in step 3 in order of importance.

It is important in this step to give some rationale around your thinking. Don't be concerned if as you are describing the importance of each area you thinking changes and you have to change what you've written down. It's all part of the process.
